# Canvas Library Guides

Our library guides help students and faculty navigate to our subject or course-specific resources easily, and adding them to your Canvas page will help students land directly in the correct guide. Scrolling through the database list or navigating to the correct library resource can be intimidating! The guides can help, and we regularly update them in response to student and faculty feedback. We mapped the guides to Lynn classes, but instructors can always request a different guide.

Instructors can turn the link on or off by following this guide:
**How do I manage Course Navigation links?**

- Select **Settings** at the bottom of the course navigation on the left side

- Select the **Navigation** tab, then scroll down to Library Guides

- Select the more options (three dots) icon on the right, then select **Enable**

- Scroll to the bottom of the page, and select **Save**

If you need help please contact **library@lynn.edu** or **InstructionalDesigners@lynn.edu** for more information.
