

How do I Access GET on a Mobile Device

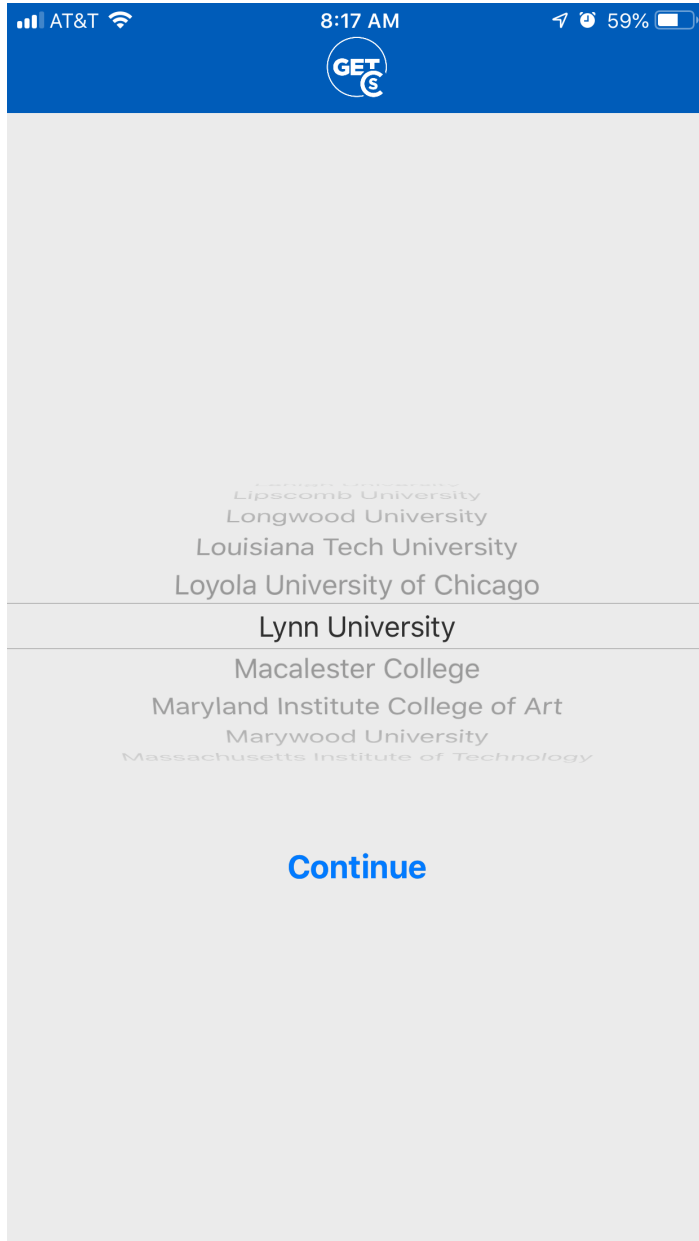

Accessing GET on a Mobile Device

GET is available on iOS and Android devices. To download, open the corresponding app store and search for the words "GET Mobile" or click on the icons below if accessing this web page from your mobile device.

Update your contact Information Page. You can enter the information and click Next to continue. Use your Lynn email address.

The screenshot shows a mobile application interface with a blue header bar. The header bar contains a back arrow icon on the left, the text 'Update Contact Information' in the center, and the time '5:20' along with signal, Wi-Fi, and battery status icons on the right. Below the header, the text 'Please update your contact information' is displayed. There are two input fields: 'Email Address:' followed by a text box, and 'Phone Number:' followed by a text box. Below these fields, a line of text states: 'By clicking Continue you agree you have read the GET Terms of Use and Privacy Policy'. At the bottom, there is a horizontal line followed by a blue hyperlink that reads 'Terms of Use & Privacy Policy'.

You'll now be taken to the home page. For future logins you may be required to authenticate the account using a fingerprint or the PIN you set up for your GET account.
