

Identity and access controls

Description

Each Lynn University student and employee is issued a Lynn (ID) card. The Lynn ID card serves as proof of status with the University. Depending on status, the Lynn ID card provides access to many resources provided by and available through the University community such as dining hall meals, access to buildings and rooms, and use of the University library and facilities.

All students and employees must maintain and carry a current Lynn ID card for the entire period that they are affiliated with the University. Cardholders are responsible for the care and safekeeping of the Lynn ID card. The campus ID card should be protected and carried by the cardholder at all times.

This service includes all door key-less entry services, CBord Get (meal balances, virtual ID).

Students

New students receive their Lynn ID card on orientation. Please contact the ID Card office or your RA in case of losing your ID Card. Your ID card will grant you access to dorm rooms, student related facilities and buildings.

Faculty and Staff

New employees receive their Lynn ID card on their first day of employment. Please contact the ID Card office in case of losing your ID Card.
