

DUO Multi-factor Authentication

Applications Requiring DUO Multi-Factor Authentication

- Microsoft Remote Desktop
- Password State
- Global Protect Virtual Private Network (VPN)

For all other applications requiring Multi-Factor Authentication, please use [Azure Multi-Factor Authentication](#).

Description

DUO is a comprehensive security solution that confirms the identities of Lynn University users with multi-factor authentication before granting access to the applications listed above.

Please note:

- FAQ: [IT Support FAQ](#)
- Open a Service Desk Issue: [Lynn University Service Center](#)
- Email: SupportServices@lynn.edu
- Call: 561-237-7979 (x7979)
- Customer Service Desk Location: [First Floor Eugene M. and Christine E. Lynn Library](#)
- Book an [appointment](#)
- [Remote Support Portal](#)
- Hours: Monday – Friday 8:00am – 5:00pm

You will initially register a single device, after that you will be able to Add/Modify your configuration using the Portal as per the instructional videos below. It is recommended that you register at least three separate methods for multi-factor authentication so that you are never locked out.

Students

The DUO Multi-Factor Authentication Service is not currently available to students.

Faculty and Staff

The DUO Multi-Factor Authentication Service is provided to faculty and staff that utilize the applications listed above.
