

# Benefits

Within Workday, you can manage your benefits by reporting coverage change events and viewing and editing your benefit elections, beneficiaries, and dependents. A life event refers to a change in your circumstances. Whether you are celebrating a new marriage, a new baby, or are assuming care of an elderly parent, changes in your personal life may have an impact on your benefits.

Please contact Employee Services at 561-237-7290 [eservices@lynn.edu](mailto:eservices@lynn.edu) if you have further questions or need guidance in navigating any changes in your circumstances that may affect your benefits.
