Frequently asked questions

- How to Navigate Workday.
- Video How to Register for Courses using Workday
- Workday FAQ general questions
- I am a student, where do I start?
- I am a faculty, where do I start?
- I am a new employee, where do I start?
- Applications Replaced by Workday

Need more help?

 For any issues, please submit a Workday Support case or contact: workday@lynn.edu

Workday@Lynn will transform how we deliver services to staff, faculty and students. The system provides various advantages for the University community, including:

- **Self-Service**: You manage your own personal information, such as pay elections (up to three direct deposit accounts), benefits and contact information.
- Improved Workflow: Personalized paperless inbox and notifications allow you to track the status of various tasks, which is especially helpful for processes involving multiple parties.
- Increased Visibility: Supervisory organizations, which is how Workday organizes people and processes, provide increased transparency.
- Integration: All users—exempt and non-exempt staff, faculty, student workers —sign into one system.
- Mobile-Friendly: You have secure access to information through the mobile friendly web browsers.
- **Security**: Workday is a state-of-the-art, cloud-based solution that is updated regularly to stay current with compliance and risk conditions.
