

Zoom Web Conferencing

In response to COVID-19 and to support the need for online instruction and telecommuting, Lynn University has provisioned Zoom Meeting accounts for all faculty, staff, and active students. Zoom is a web conferencing tool for virtual meetings, classes, conferences and collaboration. Zoom allows face-to-face meeting using HD video conferencing. It is available via web browser, Mac and Windows applications, and also via mobile app. The following guide will help you get started using Zoom.

Zoom Key Features

- Schedule group meetings for up to 300 participants
- Host meetings with capability to share audio, video, chat, screens and computer sound
- Unlimited meetings for one-on-one and group meeting sessions
- Zoom integrates with Canvas and will provide the option for live or on-demand classes
- SSO using your Lynn's email address as the username and your myLynn password
- License available to all current faculty, staff, and students using their university email address

Quick Tips

- Mute yourself when not speaking
- Use the Zoom chat to ask questions in a meeting, conference or virtual classroom
- Be sure to plug in external camera and/or microphone before opening the Zoom application
- You cannot record unless you are the meeting host, or the meeting host assigns you permission to record
