What is TV Go

TV Go channels allow students to log in to the XFINITY TV Portal and choose a select number of channels that are available for viewing while not connected to your campus network. In the upper right corner, choose the Filter tab and then select "TV Go" to see a list of all available live channels for streaming off network. You can recognize TV Go Channels from regular Live TV by the lighter grey background. When available, movies or shows in On Demand with TV Go versions will be listed along side the On Demand versions.

TV Everywhere

TV Everywhere provides the freedom to watch when and where you want, on the most convenient device, while on or off campus.

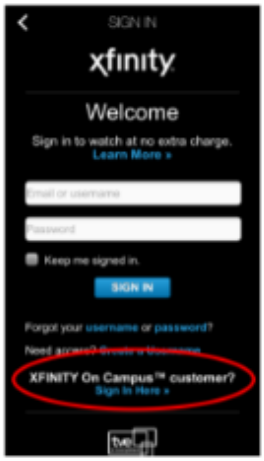

*You will only have access to TV Everywhere apps and content if you or your school already subscribes to that provider's content.

See a list of TV Everywhere apps at www.xfinityoncampus.com/apps

Logging into TV Everywhere

After navigating to a specific programmer's TV Everywhere site or app, choose “XFINITY” as your television provider before selecting your school & logging in using your university credentials.
