Password State Azure MFA Setup Process

Steps for Multi-Factor Authentication using the Microsoft Mobile Phone Authenticator App for Password State.

Step-by-step guide

a.

a.

1. Download the Microsoft Mobile Phone Authenticator App from your mobile phone app store.

2. On your Lynn Issued device, navigate to Iupass.lynn.edu and sign in to your account.

Passwordstate								
	Passwordstate Active Directory Authentication							
Login								
Please enter y	your user name and Password to authenticate.							
Username	knights\ - firstinitiallastname@lynn.edu							
Password	Logon							
	Status: Awaiting Login							

3. Once you are signed in, you will be redirected to the Google Authenticator setup page. Please disregard the Google Authenticator title. You will still use the application downloaded in step 1 and **keep this window open because you need it for step 7.**

4. In the **Microsoft Mobile Phone Authenticator App** click the plus button located at the top right of the screen to add a Google account.
